

# DISCLAIMER

**WARNING:** If you use equipment from RollerSafe, **it is your responsibility** to learn proper use of the equipment, and you accept all risks, including those of injury, paralysis and death. Our equipment is specially designed for roller skis, skateboards, bicycles and wheelchairs, has limitations and must not be used for other purposes. **Improper use or misuse increases the risks.**  
**ALWAYS MAKE SURE TO OPERATE – TWO – SEPARATE BRAKE SYSTEMS ON YOUR VEHICLE. DO NEVER TRUST A SINGLE BRAKE SYSTEM TO PROVIDE SUFFICIENT SAFETY DURING USE!**

## WARNING! RISK OF DEATH AND SERIOUS INJURY

Whenever you use the RollerSafe products, you risk death or serious injury from loss of control, collisions, and falls. To use RollerSafe safely, you must read and follow all instructions and warnings in the Product Documentation. However, it is your responsibility to practise safe use of the RollerSafe products in order to reduce this risk.

## WARNING! USE HELMET / PROTECTION

Always wear a helmet when using roller skis, skateboards or bicycle. Use an approved helmet that fits properly with the chin strap in place, and provides protection for the back of your head.  
Avoid obstacles and slippery surfaces that could result in a loss of balance or traction and cause a fall.

## WARNING! PAY ATTENTION TO SYSTEM SIGNALS

Pay attention to all warnings and alerts from the RollerSafe products. They indicate unsafe operating conditions. You must learn about and understand the RollerSafe products safety alerts described in the Product Documentation and respond as instructed.

Never attempt to use a RollerSafe product without the SMART BRAKE Technology properly installed, charged and updated. Using your RollerSafe products without all parts properly installed could damage your RollerSafe products and result in serious injury from loss of control, collisions, and falls. Apply good judgement in all use of RollerSafe SMART BRAKE products.

Do not modify the RollerSafe products. Modifications to the RollerSafe products without the prior written approval of RollerSafe could interfere with the operations of the RollerSafe products, could result in serious injury and/or damage, and could void the RollerSafe Limited Warranty.

## Learning to use your RollerSafe SMART BRAKE products

RollerSafe wants you to be safe and enjoy learning how to use your RollerSafe products. Think about how you learned to ride a bike, drive a car, ski, or do about anything else involving transportation. You probably had somebody help you learn. You started in a safe location. You started slowly. All these techniques apply to the RollerSafe products.

If you carefully follow all the instructions and warnings in the User Manual, and supplementary Safety Video, you should be able to teach yourself how to use the RollerSafe products. We strongly recommend to get support from a more experienced user in the beginning. Prior to each trip, ensure the tires are well maintained, battery fully charged, and there are no loose components. **Please do not take risks.**
